

**SAFETY DATA SHEET
XTRASAN**

Section 1: Identification of the substance/mixture and of the company/undertaking

1.1. Product identifier

Product name: XTRASAN

1.2. Relevant identified uses of the substance or mixture and uses advised against

Use of substance / mixture:

No uses advised against

1.3. Details of the supplier of the safety data sheet

Company name: PPE XtraSAN is a trading name of
MWC Group
Registered address:
44-46 Elliot Road,
Love Lane,
Cirencester,
Gloucestershire,
GL7 1YG

1.4. Emergency telephone number

Emergency tel: Bob Kahlon: + (44) 7484 654 963
Jon Bowers: + (44) 7748 843 361

Section 2: Hazards identification

2.1. Classification of the substance or mixture

Main Hazards No Significant Hazard

2.2. Label Elements No data

2.3. Other hazards

None known

Section 3: Composition / information on ingredients

3.2. Mixtures

Hazardous ingredients: No data

Section 4: First aid measures

4.1. Description of first aid measures

Eye contact: No irritation expected
Ingestion: No irritation expected
Inhalation: No irritation expected

4.2. Most important symptoms and effects, both acute and delayed No data

SAFETY DATA SHEET
XTRASAN

4.3. Indication of any immediate medical attention and special treatment needed

Immediate / Special Treatment: Not applicable

Section 5: Firefighting measures

5.1. Extinguishing media

Suitable extinguishing media

Suitable extinguishing media for the surrounding fire should be used. Use water spray to cool containers.

5.2. Special hazards arising from the substance or mixture

Exposure hazards: In combustion emits toxic fumes

5.3 Advice for fire-fighters

Extinguishing media: Use extinguishing media appropriate to the surrounding fire conditions.

Section 6: Accidental release measures

6.1 Personal precautions, protective equipment and emergency procedures:

Personal precautions: Refer to section 8 of SDS for personal protection details. Turn leaking containers leake side up to prevent the escape of liquid.

6.2 Environmental precautions:

Environmental precautions: Do not discharge into drains or rivers. Contain the spillage using bunding.

6.3 Methods and material for containment and cleaning up:

Clean up procedures: Absorb into dry earth or sand. Transfer to a closable, labelled salvage container for disposal by an appropriate method.

6.4 Reference to other sections:

Reference to other sections: Refer to section 8 of SDS.

Section 7: Handling and storage

7.1 Precautions for safe handling: No data

7.2 Conditions for safe storage, including any incompatibilities

Storage conditions: Store in cool, well ventilated area. Keep container tightly closed.

Suitable packaging: Must only be kept in original packaging.

7.3 Specific end use(s):

Specific end use(s): No data available.

Section 8: Exposure Controls / Personal protection

8.1 Control parameters

DNEL/PNEC Values: DNEL / PNEC No data available.

(CONTINUED ON NEXT PAGE)

SAFETY DATA SHEET
XTRASAN

8.2. Exposure controls

Respiratory protection: Respiratory protection not required.

Hand protection: Protective gloves not required.

Eye protection: Safety glasses not required.

Skin protection: Protective clothing not required.

Section 9: Physical and Chemical Properties

9.1 Information on basic physical and chemical properties

State: Liquid

Colour: Colourless

Odour: Characteristic odour

Oxidising: Non-oxidising (by EC criteria)

Solubility in water: Soluble

Viscosity: Non-viscous

9.2 Other information

Other information: No data available.

Section 10: Stability and reactivity

10.1 Reactivity

Reactivity: Stable under recommended transport or storage conditions.

10.2 Chemical stability No data

10.3 Possibility of hazardous reactions

Chemical stability: Stable under normal conditions.

Hazardous reactions: Hazardous reactions will not occur under normal transport or storage conditions.

Decomposition may occur on exposure to conditions or materials listed below.

10.4 Conditions to avoid

Conditions to avoid: Heat.

10.5 Incompatible materials: No data

10.6 Hazardous decomposition products:

Materials to avoid: Strong oxidising agents. Strong acids.

Haz. decomp. products: In combustion emits toxic fumes.

Section 11: Toxicological information

11.1. Information on toxicological effects

Not Classified

Symptoms / routes of exposure

Skin contact: No irritation expected.

Eye contact: No irritation expected.

(CONTINUED ON NEXT PAGE)

**SAFETY DATA SHEET
XTRASAN**

Ingestion: No irritation expected.

Inhalation: No symptoms.

Section 12: Ecological Information

12.1 Toxicity No data

12.2 Persistence and degradability No data

12.3 Bioaccumulative potential No data

12.4 Mobility in soil

Mobility: Readily absorbed into soil.

12.5 Results of PBT and vPvB assessment

PBT identification: This product is not identified as a PBT/vPvB substance.

12.6 Other adverse effects

Other adverse effects: Negligible ecotoxicity.

Section 13: Disposal Considerations

13.1. Waste treatment methods

NB: The user's attention is drawn to the possible existence of regional or national regulations regarding disposal.

Section 14: Transport information

Transport class: This product does not require a classification for transport.

Section 15: Regulatory information

15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture No data

15.2. Chemical safety assessment No data

Section 16: Other information

Other information:

This safety data sheet is prepared in accordance with Commission Regulation (EU) No 453/2010.

* indicates text in the SDS which has changed since the last revision.

Legend to abbreviations: PNEC = predicted no effect concentration

DNEL = derived no effect level

LD50 = median lethal dose

LC50 = median lethal concentration

EC50 = median effective concentration

IC50 = median inhibitory concentration

dw = dry weight

bw = body weight

Compilation Date: 01.02.2020
Revision Number: 3

SAFETY DATA SHEET
XTRASAN

cc = closed cup
oc = open cup
MUS = mouse
GPG = guinea pig
RBT = rabbit
HAM = hamster
HMN = human
MAM = mammal
PGN = pigeon
IVN = intravenous
SCU = subcutaneous
SKN = skin
DRM = dermal
OCC = ocular/corneal
PCP = physico-chemical properties

Legal disclaimer:

This information relates only to the specific material designated and may not be valid for such material used in combination with any other materials or in any process. Such information is, to the best of the company's knowledge and belief, accurate and reliable as of the date indicated. However, no warranty, guarantee or representation is made to its accuracy, reliability or completeness. It is the user's responsibility to satisfy himself as to the suitability of such information for his own particular use.

END OF DATA SHEET

Special Notes

The reason there is no data on the safety data sheet is that when the formulation is fed into the software that produces the data sheet, it doesn't generate any data due to the levels of ingredients being below the threshold where there is any information to give.

The reason it can't go down a drain is because the sewage works use natural bacteria to break down the sewage and the XtraSAN will break down this bacteria and will prevent the sewage works from working.
